# Homelessness Statistics

---

**467 Young People in Aberdeen City presented as homeless  
in 2022**

**We provide a lifeline for young people in crisis.**

**A young person experiencing homelessness has nowhere to go**

**They find out about Nightstop through statutory and non-statutory agencies, or self-refer**

**Nightstop risk assesses the young person, takes references, and contacts available volunteer hosts**

**They are placed in the home of a trained and vetted Nightstop host for the night**

**Young people are given their own room, a shower, a meal, a listening ear, breakfast, and a packed lunch in the morning**

**Nightstop works to find suitable long-term accommodation for the young person**
